Nicaragua Advances in Christian Education

Bob & Barbara Kelly - serving in Nicaragua

This November, we finished our fifteenth full year of classes and graduated our sixth group of high school seniors. A big thanks to all who have faithfully supported the work, enabling us to provide a quality education with a Christian worldview.

Graduating seniors - 2025

Graduating 6th graders

All graduating seniors have to do an investigational study and defend their thesis and results before a panel of judges. They're always glad when it is over. Pictured is Blanca.

A Christmas card I got from a third grader. She might think that I'm artificial intelligence.

Last day of school – graduating seniors invited preschoolers to have some fun. Check it out:

Graduating seniors singing Ron Kenoly version of "Rock of Ages" – in Spanish and English. You can see that some did not quite memorize the song.

Graduating preschoolers singing from Romans 8 "Nothing can separate us from the love of Christ". They get excited singing it three times – each time faster.

Barb and I, pictured here many years ago when we were younger, are grateful to all of you who have supported this project – with prayers and finances, and to those who may be moved to do so in the future.

The school does charge a monthly tuition, and we have fundraisers, but because of the economic situation in the country, we will continue to need outside support for the foreseeable future.
