Nicaragua Advances in Christian Education

Bob & Barbara Kelly - serving in Nicaragua

Off and running – Today we started our 15th full year of classes. We are full with 360 students and 50 names on the waiting list.

We want to thank God for His watchful eye – allowing us to continue operating, even with all the challenges we face. We also are so grateful to all of you that collaborate with us in this project. We appreciate it greatly and pray God's richest blessings in your lives - especially that you would grow in your relationship with the Lord.

Barb and I know that a work like this is not possible without the continued help from our supporters, both those who have been with us for a long time and those that are just joining us.

This January we celebrated our 50th anniversary. It has been quite a ride!
